

THE ANCIENT ORDER; THE RAYS AND THE DRED SCOTT CODE

● The ANCIENT ORDER use Laser-Ray devices to control the impulses of others, getting them to commit acts for which the subject gets the blame. Notice the "laser" and "ray" strategically hidden in these 3 historical names. Remember that Oswald is from 1963 and Ray is from 1968.

● LE AR S S EARL LA S ER
LEE HARVEY OSWALD JAMES EARL RAY LADY DIANA SPENCER
AR Y RAY Y A R

● Notice that in Princess Diana's name the "laser" and "ray" are in a straight line (not scrambled) but the "ray" is backwards. They read "laser" from left to right and then "ray" from right to left, back to "laser", and so on... The ANCIENT ORDER placed the "laser" and "ray" in her name in a circle, their never-ending pattern symbol.

● Before she married Prince Charles, Diana Spencer did not have either "laser" or "ray" in her name. But there was one ANCIENT ORDER code the name "Diana Spencer" did contain. Her initials, "DS", are their Dred Scott Slavery code. That is one reason the ANCIENT ORDER chose her and led her and Prince Charles together. 5-14-99

● The DRED SCOTT DECISION was one of the ANCIENT ORDER's U.S. Supreme Court cases involving Slavery. The Dred Scott, Laser-Ray and other codes show that the person coded is under the ANCIENT ORDER's rays.

● The ANCIENT ORDER are in key business, political, judicial, law enforcement and other positions throughout many countries. They, as a group, are part of many organizations such as the ANCIENT ACCEPTED SCOTTISH RITE, the FREEMASONS (Masons), the ELKS and many other "orders". Note the definition of "order", #7: "A group of people bound by some common bond or social aim."

● Note the "Free and Accepted" and the "ANCIENT ACCEPTED". Further note the Masons have "secret rites and signs". The "free" means non-slave. The "secret rites and signs" means recognizing each other. The "free" must be able to recognize each other because the ANCIENT ORDER's enslavement of others has absolutely nothing to do with skin color. In fact, the ANCIENT ORDER enslave whites first and foremost. Why whites primarily? Because when you are conniving and controlling, tormenting, enslaving and murdering, who has the power to put you on trial, sentence you, punish you and even execute you for it?

A world of fear and treachery and torment, a world of trampling and being trampled upon, a world which will grow not less but *more* merciless as it refines itself. Progress in our world will be progress toward more pain.
